July 3, 2008

Speaker Greg J. Curtis  
President John L. Valentine  
Legislative Management Committee  
Utah State Capitol Complex  
Salt Lake City, Utah 84114

Dear Speaker Curtis and President Valentine:

We are requesting that the Health and Human Services Appropriations Subcommittee be authorized to hold one additional meeting in either August or September to consider the following issues:

1. the use of health care savings accounts in the state Medicaid program;
2. expanding the use of the medical home in the Medicaid program; and
3. episodes of care pricing in the Medicaid program.

These are important issues identified in the Health System Reform Task Force that need additional fiscal analysis and consideration within the context of the state budget.

Sincerely,

Representative David Clark  
Chair  
Health System Reform Task Force

Senator Sheldon L. Killpack  
Chair  
Health System Reform Task Force
